EDUCATION

University of California, Davis — *Design*

September 2017 - June 2021

Major in Design, Minor in Computer Science

PROJECTS

Portfolio Site — *Interactive Media, Dec 2021*

Created a responsive space to host my works to allow viewers to understand some of my abilities.

Appellation Logo Design — *Graphic Design, Sept 2021*

Designed a thematically fitting logo for a game guild (Appellation): wine-based, simple, legible. Worked closely with the guild founder to achieve the desired product.

Graphic Standard — *Graphic Design, Mar-Jun 2021*

Conceptualized and detailed a brand/product and design the marketing/visual elements required: logo, packaging, business system, graphic standard.

Runway to Reality — *Fashion Illustration, May 2021*

Designed a runway outfit and a corresponding ready-to-wear outfit; encompasses a show name, season, brand, design, and fashion flat.

Market App — *UI/UX Wireframe, March 2021*

Created a wireframe for an app that would make finding affordable food easier. After selecting the topic, ran user tests and worked with peers/professor to refine.

Oryx Boots — *Fashion Design/Illustration, Feb 2021*

Made a boot design inspired by the boss, Oryx the Mad God 3 of Realm of the Mad God; dual design based on the different phases.
