EDUCATION

University of California, Davis — Design
September 2017 - June 2021
BA in Design | minor in Computer Science
GPA: 3.73

PROJECTS

Portfolio Site — Interactive Media, Dec 2021-Now
Created a responsive site to host my works to allow viewers to understand some of my abilities.

Demo Reel — Animated Illustration, Fall 2022
Created a collection of my animation projects done over a quarter. Illustrates multiple animation principles and styles, including special effects and character animation.

Graphic Standard — Graphic Design, Spring 2021
Conceptualized and detailed a brand/product and design the marketing/visual elements required: logo, packaging, business system, graphic standard.

VTuber Models — Rigged Illustration, 2021-22
Created the illustration and rigging for two VTuber models to be used for video/streaming purposes.
